Executive Summary:
The King Air 250 is a further improvement for the most popular aircraft model in its class, the King Air B200 range. Superseding the 305-knot max cruise speed B200GT, the King Air 250 features performance enhancing improvements comprising BLR Aerospace composite winglets to improve efficiency in all phases of flight, lighter weight composite propellers, and Raisbeck’s Ram Air Recovery System.

Key Features of this 2017 King Air 250:
- Serial Number BY-278 / G-IASB
- Registered and Presented for Sale in UK
- ESP Gold
- EASA Part-CAT Compliant
- One Owner Since New
- ADS-B / 2020 Compliant

Aircraft Subject to Prior Sale / Withdrawal From the Market. Aircraft Specifications are Subject to Buyer Verification
Fly ASG Ltd, West Grass Hangar, La Planque Lane, Forest, GY8 0DS, Guernsey
 Specification

Airframe, Engines and Inspections
Airframe Total Time: 711
Airframe Total Landings: 989
Empty Weight: 8655lbs

Maintenance and Inspections:
Phase 1 and 2 Inspections completed in 2018
Phase 3 and 4 Inspections completed in 2019
CAMP Maintenance Tracking
ESP Gold

Avionics:
Collins Pro Line Fusion Avionics Systems
ADS: Dual Collins ADC-3000
COMM: Dual Collins VHF-4000
DME: Collins DME-4000
ESIS: L3 Communications GH-3900
ELT: Artex ELT C406-2
FMS: Dual Rockwell Collins with RNP 0.3 accuracy
FGS: Dual FGC-3000
GPS: GPS-4000S
NAV: Single Rockwell Collins NAV-4500
Rad ALT: Collins ALT-4000
TCAS: L3 Communications™ Skywatch TCAS I
TDR: Dual Collins TDR-94D Enhanced Mode S
SCVR: L3 FA2100
ADF: Collins NAV-4000
TAWS: - ACSS TAWS+
AHRS: Dual AHC-3000
RADAR: Collins TWR-850

Engines:
LH S/N PCE-RX0769 – 711 hours / 989 cycles
RH S/N PCE RX0770 – 711 hours / 989 cycles

Propellers (HC-E4N-3A):
LH – 711 prop hours
RH – 711 prop hours

Interior:
